

HOME BASE TRAINING INSTITUTE PRESENTS: Community Reinforcement and Family Training (CRAFT) Workshop

Join us for the Community Reinforcement and Family Training (CRAFT): Working with Families of Substance Users workshop sponsored by the Home Base Training Institute. Supported by 20 years of peer-reviewed research CRAFT is a comprehensive behavioral program that teaches families to optimize their impact while avoiding confrontation or detachment. CRAFT methods are evidence-based and provide families with the hopeful, positive, and more effective alternatives to addressing substance problems that other intervention programs.

Breakfast and lunch will be provided on August 26 and August 27; and breakfast will be provided on August 28, however, participants must cover their own travel, lodging, parking, and any other associated expenses.

To participate in this training you must be a licensed mental health provider in MA and must commit to attend the entire 2.5 days of training.
