Massachusetts Department of Correction

Mission Statement

The Massachusetts Department of Correction's mission is to promote public safety by managing offenders while providing care and appropriate programming in preparation for successful reentry into the community.

Manage - Care - Program - Prepare

Vision Statement

The Massachusetts Department of Correction's vision is to effect positive behavioral change in order to eliminate violence, victimization and recidivism.

Massachusetts Department of Correction Reentry Continuum

Program Division
Services and Programs

Religious Services

The Department provides a variety of religious services, which are supervised and coordinated by chaplain staff. Volunteer clergy and community churches assist chaplains in the provision of services. Chaplains provide regular religious services, religious education and pastoral care. In addition, chaplaincy services include Bible Study, Prayer Groups, Christian Fellowship, Christian Twelve Step, Parenting Groups, Family Religious Services, Religious Seminars and Holiday Observances. The Department recognizes that Chaplaincy Services are important in changing criminal behavior by helping the inmate develop prosocial values. *These services are available at all facilities.*

Recreation Services

The Department offers a wide variety of staff supervised recreational and leisure time activities designed to reduce inmate idleness and teach pro-social skills to use their time constructively. *These services are available at all facilities.*

Volunteer Services

There are currently approximately 1,500 volunteers providing a variety of services that supplement established departmental programs. Volunteer services include faith-based, substance abuse, self help, support groups, literacy, cognitive skills and cultural awareness. Volunteer services enhance programming and the process of reintegration by disrupting the delinquency network and providing inmates with a network of pro-social community members and activities. *These services are available at all facilities.*

Community Partnerships

The Department has established partnerships with community based organizations and other state agencies with the goal of enhancing public safety and providing inmates with support and critical linkages to community based organizations.

Community Partnerships and External Stakeholder Collaborations

- Representatives of the Program Services Division and Classification Division serve on the Hampden County Reentry task force. The task force includes multiple criminal justice and social service stakeholders and is designed to identify barriers and resources associated with offenders reentering the greater Hampden County area.
- The department is collaborating with the Hampden County Sheriff's Office to facilitate the Hampden County Reentry program. This program targets high risk state offenders towards the end of their sentence. The objective of the program is to step down offenders to the community and reconnect them with their family/support systems, potential employers and community based providers.
- A Memorandum of Understanding between the Department of Correction and the Social Security Administration was developed to establish a process for offenders to secure a replacement social security card prior to release.
- MassHealth and the Department of Correction continue to partner to ensure releasing offenders are provided with medical coverage upon release. This partnership creates a continuum of care that allows for a smoother transition to the community and enables discharge planners to schedule medical and mental health appointments prior to an inmate's release.
- The Department of Correction has established a partnership with the Boston Police Department and other local criminal justice agencies in an effort to promote offender reentry while enhancing public safety. The Department of Correction regularly shares intelligence and other relevant information regarding offenders releasing from state prison to the greater Boston area. This partnership is intended to create a transparent transition from prison that better prepares the community and

criminal justice agencies to respond to the both the needs and potential risk presented by the releasing offender.

- The Department of Correction is collaborating with Probation in an attempt to expand information exchange to enhance offender accountability and access to community based resources.
- The Department has partnered with Veterans Affairs (VA) to provide services to discharging veterans. The VA assists with determining veteran's benefits and eligibility in the areas of housing, employment, education, medical/mental health and substance abuse services. Staff from Reentry Services meets with VA on a quarterly basis to exchange information and enhance services.
- ROCA Pay for Success – the department is collaborating with the Commonwealth's Pay for Success project which is a program for young men entering the community from custody. It is a voluntary, outcome driven, behavioral health intervention. ROCA's mission is to help disengaged and disenfranchised young men move out of violence and poverty.
- A Memorandum of Agreement between United Teen Equality Center (UTEC) and the Department of Correction was established to offer supportive re-entry services to young adults returning to Lowell and Lawrence communities. Releasing offenders between 18 and 24 years old at time of release are eligible. UTEC strives to connect young adults to employment and educational opportunities and operates an integrated Workforce Development Program which includes GED classes, life skills workshops, mental health services and substance abuse services.
- SPAN Inc services are open to individuals who are returning to the greater Boston area, with some specific geographic specificity depending on individual programs. The goal is to begin work with as many inmates as possible prior to their release from incarceration and to continue services through the release process as inmates return to their communities.
 - HIV Services: Span offers several HIV services all designed to assist individuals to prepare for release, access and maintain health services when released, and make a successful transition to the community with particular emphasis on health maintenance. Some services begin inside the correctional facilities while others are only provided in the community.
 - Employment Related Services: Span offers several employment assistance services through grants from the US Department of Labor. The overall goal of the programs is to assist clients with obtaining and retaining employment to become independent and self-sufficient.
 - Women's Services- MISSION RAPS: Maintaining Independence and Sobriety through Systems Integration, Outreach, and Networking: Re-entry and Peer Support assists women with dual diagnosis of substance abuse and mental health to make a successful and supported reintegration to the greater Boston community.
 - Substance Abuse Services: Boston Offender Needs Delivery (BOND) offers substance abuse and case management services based on the MISSION model to men and women with substance abuse and co-occurring mental health issues who are wrapping up from incarceration.

Self-Improvement Groups

Inmate Self Improvement Groups are structured inmate coordinated groups designed to reduce inmate idleness and enhance reentry by providing offenders with a forum to develop interpersonal communication, problem solving and basic life skills. The following are approved Self Improvement Groups:

African Heritage Coalition Program
American Veterans in Prison
Building Self Esteem
Chess Club
Croche for the Ill

Fellowship Discussion Group
Imagination Art
Longtermers Group
Pawn Pushers
Runners Club

Vendor Facilitated Core Programming ~ Spectrum Health Systems, Inc.

Correctional Recovery Academy (CRA)

The CRA is an intensive skill-based residential substance abuse treatment program located at four institutions with a capacity of 528 beds. The CRA targets substance abuse and relapse prevention. The program utilizes rolling admissions and combines the elements of a therapeutic community's social learning approach with an advanced cognitive behavioral curriculum. *This component of treatment is available at MCI-Concord, MCI Norfolk, MCI Shirley Medium and MCI Shirley Minimum.*

CRA Graduate Peer Support Program

Graduates of the CRA may apply to participate in the peer support program. Peer participants are responsible for co-leading groups under the supervision of the CRA counselor. Graduates are also required to attend the community meetings and the weekly continuing care plan group. *This component of treatment is available at MCI-Concord, MCI Norfolk, MCI Shirley Medium and MCI Shirley Minimum.*

The Graduate Maintenance program

This program is offered to graduates of the residential substance abuse programs who have returned to general population. During Graduate Maintenance, the program concepts are reviewed, program skills are practiced, and there is individual work on a recovery plan. *This program is available at MCI-Shirley medium, MCI-Shirley minimum, MCI-Concord, Northeastern Correctional Center, Boston Pre-Release Center, MCI-Norfolk, Old Colony Correctional Center, MCI-Framingham and South Middlesex Correctional Center.*

Medication Assisted Treatment Reentry Initiative (MATRI)

The purpose of the Medication Assisted Treatment Re-Entry Initiative is to provide pre-release treatment and post-release referral for opioid-addicted and alcohol-addicted inmates at participating sites in the Department of Correction (DOC). This program involves prison-based residential substance abuse treatment and collaboration with community based clinics to provide aftercare treatment. The goal is to facilitate transition into an outpatient substance abuse treatment program which employs a multi-faceted approach to treatment including the use of the medication Vivitrol/Naltrexone, counseling, and aftercare referral to community based providers. *This program is available to offenders who have a documented opioid or alcohol addiction and have completed or are enrolled in the Department's Residential Substance Abuse Treatment program. This program is available at MCI Cedar Junction, MCI Concord, MCI Norfolk, MCI Shirley, Northeastern Correctional Center, Old Colony Correctional Center and Pondville Correctional Center.*

Gateway to Treatment

Gateway to Treatment is a non-residential substance abuse treatment program designed to educate and raise awareness of the consequences of continued substance use. Emphasis is placed on biological, psychological, and social consequences of continuing to use substances. *This program is available at MCI-Shirley medium, MCI-Shirley minimum, MCI-Concord, Northeastern Correctional Center, Boston Pre-Release Center, MCI-Norfolk, Old Colony Correctional Center, MCI-Framingham and South Middlesex Correctional Center.*

Introduction to Treatment

This program is a four-week, twelve-session vendor facilitated program designed to prepare inmates to utilize the basic information and skills that they will receive through participation in future programming. *This program is available at MCI-Cedar Junction.*

Introduction to Twelve Step Programming

This program is a vendor facilitated four-week, twelve-session program designed to teach inmates how to access and utilize twelve step programming to enhance their recovery. *This program is available at MCI-Cedar Junction.*

Substance Abuse Education Service

This is a vendor facilitated program that meets for two hours per day, two times per week, for eight weeks. This program is designed to educate and raise awareness of the consequences of continued substance use. The focus of the groups is to educate the inmate about substances and issues related to their use. Emphasis is placed on biological, psychological, and social consequences of continuing to use substances while incarcerated. *This program is available at MCI-Cedar Junction, Old Colony Correctional Center and Souza Baranowski Correctional Center.*

DDU/High Risk Offender Program

The DDU/High Risk Offender program is provided at MCI Cedar Junction and is directed at inmates that have been placed in the Departmental Disciplinary Unit (DDU) as a result of having displayed a history of staff or inmate assaults, gang activity, and chronic disruptive behavior and/or have been identified as a threat to the correctional system in general. A goal of this program is to provide inmates with the skills to prepare them for their return to general population and participation in more intensive programming. The program consists primarily of independent workbook assignments and small group activities using a cognitive behavioral treatment model. *The DDU/High Risk Offender program is available at MCI Cedar Junction.*

High Risk Offender Expansion-SBCC

The High Risk Offender program includes a continuum of care at Souza-Baranowski Correctional Center (SBCC) for those offenders who have completed the program at MCI-Cedar Junction. The program includes a skills maintenance program for offenders classified from the DDU to SBCC in order to capitalize on the initial gains made with the HRO program and to reduce the incidences of aggressive behavior at SBCC. The program includes a skills review phase, skills maintenance phase and an aftercare phase.

Criminal Thinking Program

This program is a vendor facilitated program designed to focus on altering the pro-criminal thinking patterns that have been identified as separating those who are serious repeat offenders from those who are not. The program focuses specifically on criminal sentiments and how to develop pro-social alternatives for them. The program assists the offender in developing pro-social alternatives to past activities and associates. *This program is available at MCI-Concord, MCI- Norfolk, MCI-Shirley medium, MCI-Shirley minimum, and Souza Baranowski Correctional Center.*

Moving Forward

This is a vendor facilitated group that meets three times per week for eight weeks. The program is based on the Five Stages of Grief developed by Dr. Elizabeth Kubler-Ross. The group will focus on each stage of the life changing event to assist the inmate to get to acceptance of their sentence. The program utilizes a combination of curriculum driven classes and process groups so that the inmates may discuss and process the changes necessary to move to the next stage of grief. *This program is available at Souza Baranowski Correctional Center.*

Motivational Enhancement

Motivational Enhancement is an eight week program that meets two times per week. This program introduces participants to basic program concepts while encouraging positive behavioral change. *This program is available at MCI-Framingham, South Middlesex Correctional Center and Souza Baranowski Correctional Center.*

Bridging Treatment

This is a vendor facilitated program that meets for two hours per day, two times per week, for eight weeks. Detailed lesson plans instruct inmates on personal responsibility and self-efficacy for change, creating a foundation for future goal setting. The program will target issues of education, coping skills, and support.

The emphasis is on education and developing coping skills to deal with symptoms and behaviors. *This program is available at Souza Baranowski Correctional Center.*

Thinking for a Change

The Thinking for a Change Program is a cognitive skills based program focused on reducing recidivism. The program is approximately fourteen weeks in length and is facilitated by staff two to three times per week. Inmates at higher risk to recidivate are targeted for this program. *This program is available at Souza Baranowski Correctional Center, MCI Plymouth, Old Colony Correctional Center Minimum Unit, Pondville Correctional Center and Massachusetts Alcohol and Substance Abuse Center.*

Violence Reduction

The Violence Reduction Program targets cognitions that contribute to violent behavior. The goals of the program are to decrease violent behavior and the likelihood of institutional disturbances. During the program inmates identify the specific cognitions which have led to their violent behavior. Once identified, they are taught pro-social strategies and skills to diminish the likelihood of continued violence. The program is facilitated by staff two to three times per week. *This program is available MCI Concord, Souza Baranowski Correctional Center, MCI-Plymouth, MCI Norfolk, MCI-Shirley medium, MCI-Shirley minimum, Old Colony Correctional Center Minimum Unit and Pondville Correctional Center.*

Behavioral Management Unit – Core Skills

The department offers a vendor facilitated program to inmates housed in BMU with programming once a week for two hours. The program will run for approximately a 4 month cycle and utilize a Core Skills curriculum. This is a 12 group curriculum to be run on a rolling admission as the lessons do not need to build on themselves. *This program is available at MCI-Cedar Junction.*

Reentry and Employment Readiness Workshop

The 10-day Reentry and Employment Readiness Workshop meets for 2.5 hours per day and is offered to inmates who have a defined release date. During the Reentry and Employment Readiness Workshop, reentry planners facilitate curriculum designed to assist inmates in the development of the necessary skills that are needed for successful transition back into the community. The focus of the workshop is employment readiness to include resume building, cover letter, job application, mock interviews and how to maintain employment. The workshop also includes social support, housing plans, financial awareness and budgeting, educational referrals, criminal impact and attainable goal setting. Every inmate who attends the workshop will receive an Employment Readiness Release Portfolio. This release document can include identification, resume, cover letter, practice job applications, WOTC forms, Federal bonding, MassCor work verification, transcripts, certificates, and licenses. Once the inmate has completed the workshop the portfolio is stored within the institution and distributed on the day of release. *The Reentry and Employment Readiness Workshop is available at all facilities except the Lemuel Shattuck Hospital.*

Sex Offender Treatment Program

The Department of Correction offers a comprehensive Sex Offender Treatment Program (SOTP). There are two satellite sites where an introduction program is offered although a vast majority of the program is facilitated at the Massachusetts Treatment Center, a facility designated exclusively for the purpose of sex offender treatment. The SOTP is designed to reduce an offender's risk of re-offending.

Assessment and Treatment Introduction

The first phase of the Sex Offender Treatment Program (SOTP) is the Assessment and Treatment Introduction. The primary focus of this program is motivation and engagement in the treatment process, which includes an introduction to treatment concepts and education and information about the benefits of treatment. *This program is available at MCI-Norfolk, NCCI-Gardner and Old Colony Correctional Center.*

Assessment and Treatment Preparation (ATPU)

Consistent with the Risk-Need-Responsivity Model, intensive involvement in a comprehensive evaluation is the primary focus of this phase. The purpose of the evaluation is to guide and direct treatment, including the identification of treatment intensity level and specific individualized treatment needs. *This program is available at the Massachusetts Treatment Center.*

Sex Offender Nonresidential Treatment Unit and Residential Therapeutic Communities

Treatment within a nonresidential treatment unit and a residential therapeutic community is delivered in various forms including group therapy, psycho educational classes, involvement in the therapeutic community, and other therapeutic tasks. *This program is available at the Massachusetts Treatment Center.*

Sex Offender- Maintenance Program

The goal of the maintenance program is to uphold treatment gains, continue to make positive changes in dynamic factors, and maximize successful reintegration. All completers are encouraged to participate in a maintenance treatment program. By the time offenders engage in the maintenance treatment program they have a fully developed Successful Reintegration Plan to help identify their individualized primary goods, appropriate means to attain these goods, internal capabilities, external opportunities, self-regulation strategies, and risk management strategies.

Sex Offender- Successful Reintegration

Inmates serving less than 18 months are referred to a track of programming that focuses on reentry and planning for release. *This program is available at MCI-Norfolk, NCCI-Gardner and Old Colony Correctional Center.*

Female Offender Program Continuum

Gender responsive and trauma-informed approaches have been incorporated into the framework of treatment services for female offenders. Specific tracks of treatment have been designed to address each offender's specific pathway into the criminal justice system with the goal of reducing the likelihood of recidivism by addressing the unique issues associated with female offenders such as trauma, abuse, relationship dysfunction, substance abuse and mental illness. The programs listed below are also available for female offenders.

Motivational Enhancement

This program introduces participants to basic program concepts while encouraging positive behavioral change. The program is designed to motivate offenders to participate in more intensive programs to address their broader criminogenic need areas.

Graduate Maintenance

This program is offered to women with substance abuse issues who have completed their respective track of programming. During Graduate Maintenance, the program concepts are reviewed, program skills are practiced and there is individual work on a recovery plan.

First Step Program

First Step is a residential substance abuse program located at MCI Framingham. This program provides substance abuse treatment services to women, who have been sentenced, are awaiting trial, have been civilly committed pursuant to Massachusetts General Laws, c. 123 section 35, or have been identified as needing immediate detoxification and treatment. The treatment component consists of a 20 day schedule of classes on substance abuse education, relapse prevention, parenting and interpersonal skill acquisition. The major emphasis of this program is linking participants to aftercare services both in the facility and post-release in the community.

Family Preservation

Family Preservation is designed to promote appropriate mother/child bonding, relationship building and communication. This program offers a wide range of services to include parenting education classes, parenting support, children's visit preparation, coordination and referral to available services, professional collaboration with state agencies, and special activity planning. This program also functions as a liaison between offenders and Department of Children and Families (DCF) for incarcerated mothers whose children are in the custody of DCF. This program is available at MCI Framingham and South Middlesex Correctional Center (SMCC).

A Family Reunification House is located on the grounds at South Middlesex Correctional Center is used for overnight and weekend visits. Graduates of the parenting education classes are eligible to be screened to participate in the Family Reunification House program. This program allows mothers nearing release to have progressively less supervised visits with their children.

Sex Offender Treatment

The SOTP is a comprehensive program that provides a wide range of services including assessment, therapy, psycho-educational classes, and supplemental groups and activities as clinically indicated. Any state inmate at MCI-Framingham who has been convicted of a sexual offense or an offense of a sexual nature is eligible to participate in the SOTP. Any inmate who wants to participate must consent to treatment. The treatment goals for the females SOTP will be based on each individual's treatment needs but may include establishing and maintaining healthy intimate relationships, increasing understanding of healthy sexual development and boundaries, developing a positive sense of self, improving assertiveness and self-sufficiency, process traumatic experiences, and effective emotion regulation (Elliot et al., 2010). In addition to gender-responsive treatment targets, traditional goals of sex offender treatment are applicable to female offenders (Giguere & Bumby, 2007). Treatment targets for the female SOTP include accepting responsibility, modifying cognitive distortions, processing trauma and emotional tolerance, managing deviant arousal, identifying risk factors, enhancing empathy, and developing a strengths-based Successful Reintegration Plan. Different offense pathways will be considered when developing the individualized treatment plans (Giguere & Bumby, 2007).

MassCor Correctional Industries

The mission of Correctional Industries is to instill a positive work ethic in offenders by providing training and skills for a successful reentry into the community through work opportunities, while ensuring the highest level of customer service by providing a quality product at a competitive price. Through work assignments offenders develop occupational skills and discipline that enhances successful reintegration. With acquired on the job training and work ethics gained through Correctional Industries, released offenders have a greater chance of being gainfully employed and succeeding after their release. Current certification programs and upcoming certifications are made available to all eligible incarcerated individuals. Correctional Industries employs over 450 offenders at eight institutions. The workforce has the opportunity to work with state of the art equipment to stay current in the outside employment field. The goal is to employ the maximum number of offenders consistent with effective use of program capital. MassCor has created numerous programs and certifications in order to give offenders opportunities to gain marketable skills and a better chance of securing employment in our communities thus reducing the possibility of recidivism.

Division of Inmate Education and Training

The mission of the Division of Inmate Training and Education is to prepare offenders for successful reentry into the community by providing comprehensive academic and vocational programming based upon individual risk and need. And further, reinforce social and career skills that are needed for offenders to transition into productive members of society.

Research tells us that educational and vocational achievements reduce recidivism:

- The Three State Recidivism Study, (Correctional Education Association/Office of Correctional Education, US Department of Education 2001) determined that for participants in prison education programs, recidivism was reduced by 12% in Maryland, 28% in Minnesota and 19% in Ohio.
- Our own recidivism study published in 2006, concluded that receiving a GED in prison reduced recidivism by 17%.
- The Washington State Institute of Public Policy completed an exhaustive meta-analysis of a wide variety of correctional program studies done across the country, and in 2006, published its *Evidence-Based Adult Corrections Programs: What Works and What Does Not*. It found that adult basic education programs in prison reduced recidivism by 5.1% and for vocational programs, a remarkable 12.6%.
- The MA Department of Labor reports the less the 25% of jobs available in Massachusetts are available to a person without a high school diploma or Equivalency.

Research reveals that nearly one half of inmates coming into correctional custody do not have a high school diploma or equivalent. Most do not have a work history. Research also tells us that if an inmate is to have the chance to return home successfully and not re-offend, a job and the means to support him/herself and family is critical. We must reduce the likelihood that inmates will commit another crime, thus increasing public safety by providing education and training that will assist inmates in obtaining employment.

Emphasis is placed upon competency achievement, development of basic literacy skills and the acquisition of salable skills along with an appreciation of the work ethic. To complete these tasks, eight school principals and school counselors coordinate classes taught by 76 full time and 38 part time teachers and vocational instructors. The Division's responsibilities include teaching academic and vocational programs, providing educational counseling services, assessing each inmate at reception and classification by administering the Test of Adult Basic Education (T.A.B.E.) and administering the High School Equivalency (Hi-SET) (previously GED) test. The Division is the one of the largest high school equivalency testing centers in Massachusetts administering nearly 600 tests last year.

I. Assessments

As each new inmate comes into custody educational background information is obtained and they are required to take the Test of Adult Basic Education (TABE). The TABE test provides a grade level in math, reading and language. Speakers of other languages are given the TABE CLAS E. Education counselors at each institution will receive this information when an inmate is transferred there and they will discuss educational alternatives and will place the inmate in appropriate classes or on waiting lists.

II. Grants

The Division of Inmate Training and Education receives three grants from the Massachusetts Department of Elementary and Secondary Education, and a Second Chance Act grant from the U.S. Department of Justice that support staff and program supplies at several institutions, which are critical in providing necessary education and vocational services.

III. Educational Programs

A. Academic

Adult Basic Education

Adult Basic Education (ABE) (Literacy Development) is a program servicing those who are learning to read and write, or who are functioning at or below the fifth grade level.

Pre-Adult Secondary Education

The Pre-Adult Secondary Education (Pre-ASE) programs are designed to prepare

intermediate level students for entrance into the Adult Secondary Education program. The focus of instruction is on math, English, grammar and usage, writing skills, and reading comprehension.

Adult Secondary Education

The Adult Secondary Education (ASE) program is specifically geared toward preparing a student to successfully take his or her High School Equivalency Exam (HiSET). The classes focus on math, writing, skills, social studies, reading and science, as well as reading comprehension and study skills.

English for Speakers of Other Languages (ESOL)

English for Speakers of Other Languages is a language development program geared to the adult with limited English proficiency. The main emphasis of this program is to provide limited or non-English speakers with the fundamentals of speaking, reading and writing English, so they may be mainstreamed into existing academic classes, or for those who have a high school equivalency in Spanish, an opportunity to participate in vocational programs. The three-level program is taught exclusively in English and is available to those students whose native language is something other than English.

Boston University Program

This program is designed to meet the needs of the students who have accumulated a minimum of twelve transferable college credits. Students eligible to enter this program have an opportunity to achieve a Bachelor's Degree in Liberal Studies from BU's Metropolitan College. This program is donated in full by Boston University and operates at MCI Norfolk, MCI Framingham and South Middlesex Correctional Center.

Special Education

This program is designed to provide individual or small group instruction to all inmates under the age of twenty-two who have been diagnosed with learning or developmental disabilities. Individual testing is utilized to determine functional levels, strengths, weakness, and learning styles.

Computer Skills

The goal of this program is to familiarize each student with computer technology and how its capabilities can be utilized to accomplish various tasks. The focus is on skills needed to function effectively in an office environment. Students are provided with hands-on experience in the areas of basic literacy, keyboarding, word processing, data base use, spreadsheet use and simple programming.

B. Vocational Programs

Auto Body Repair

Repairing, restoring and painting of vehicles is taught.

Automotive

Fundamentals of auto mechanics are taught. Hands-on training is provided through working on state vehicles. ASE (Automotive Service Excellence) certification is the goal for successful completers.

Barber School

Licensing requires that students obtain one thousand hours of hands-on experience and that they pass both a written and hands-on comprehensive licensing exam. The hours of hands-on experience generally requires a student to make a twelve to eighteen month commitment in order to successfully complete the barber program.

Building Trades

The Building Trades Program is conducted for fourteen to twenty weeks and cover the areas of safety, rough and finished carpentry, sheetrock work and wood working. Mock-ups are used to provide hands-on experience unless institutional projects are available to be completed.

Commercial Drivers License (CDL)

The topics in this program are those that must be learned in order to pass the written portion of the CDL testing.

Cosmetology Program

Cosmetology will train 12 students at a time in all aspects of hairstyling, skin care and nail beautification. The 1000 hours of training will prepare the students to take the Massachusetts State License Examination in Cosmetology.

Culinary Arts

Culinary Arts is structured to provide both theory and hands-on experience in the areas of applied foodservice sanitation and hygiene and in professional cooking. The course of study generally runs for nine months with the first three months focusing on obtaining the knowledge and skills required to successfully pass the National Restaurant Association's Education Foundation's ServSafe certifying exam covering sanitation and hygiene. The next six months focuses on Foundations Level 1 Restaurant Management and culinary arts. A Foundations Level 2 component has been added to the curriculum to further enhance an inmate's job readiness upon release.

Horticulture

This program includes techniques on the production, care, and management of plants, flowers and shrubs including the instruction and practice in the methods of plant propagation, pruning, cultivation, and fertilization.

IT Essentials

This course has just received the support of a major Department of Justice grant increasing its capacity to three additional facilities. IT Essentials teaches inmate the operation and repair of computers, laptops and printers with up to date technology, leading to the marketable A+ Certification.

Small Engine Repair

Provides instruction in the diagnosing and repair of small engine equipment. Successful completers pass the OPE (Outdoor Power Equipment) national certification exam.

Welding

The sixteen-week welding program provides theory and applied instruction on oxyacetylene, MIG, TIG and stick welding. Individuals passing the licensing exam pre test are then able to take 3/8 and 1 inch State Welding Certification exam.

IV. Library Services

Library Services encompasses both law and general library services. Institutional libraries are equipped to provide full library services and are staffed by a professional librarian. The general library is an information center for the institution, supporting, broadening and strengthening the

institution's programs through materials and in-library programming such as literacy. Print and non-print materials are selected to meet the needs of a culturally, linguistically and educationally diverse population. Law collections contain Federal and State materials.

Able Minds: Staff facilitated book discussion group designed to shift criminal thinking and teach inmates interpersonal problem solving skills. This program is available at Bridgewater State Hospital, MCI Framingham, MCI-Norfolk, North Central Correctional Center in Gardner, Souza Baranowski Correctional Center, and MCI-Concord.

Law Library Clerk Training: This staff-facilitated program available at all Department of Correction facilities with full law libraries. This program provides pre-employment training in basic legal research and use of electronic legal resources for potential inmate law library clerks.

Read to Your Child Program: This staff-facilitated program offered at North Central Correctional Center makes children's books available in the inmate library, allowing the inmate to practice his reading skills before reading a copy of the same book with his child in the visiting room. The child is given the book to take home at the end of the visit.

Reaching out through Reading Program This staff-facilitated program offered at North Central Correctional Institution focuses on family bonding through literacy. Inmates will be video-recorded reading a children's book of his choice, and later the book and video will be mailed to the inmates' child(ren).

Skill Building Techniques for Stress Reduction The program introduces humor-based stress-coping mechanisms designed to aid prisoners both in the avoidance of aggression during incarceration and in preparation for their release using the Library and its resources as the therapeutic base. This program is available at MCI Norfolk.

INSTITUTION SPECIFIC PROGRAM DESCRIPTIONS

A Book from Mom: This program is designed to enhance literacy in children. A children's library is available for women to select age appropriate books to read during visits with their children. After the visit, children are allowed to leave the visiting room with a book from Mom. The child is allowed to receive a new book during each visit to create his/her own personal library at home. Books are also made available for women to mail home to children during the holidays and on birthdays. *This program is available at MCI Framingham.*

A Journey Into the Joy of Christ – This program is a six week program that covers: Introduction to the Christian Spiritual Journey, How the Mind Reacts to One's Changing Life Situations, God Provides All We Need, To Follow Jesus, We Must Leach Attachments Behind, Principal and Foundation, and Central Importance of Faith. This is an opportunity for inmates to develop Christian values as to bring about a moral or ethical conversion. *This program is available at NECC.*

A Place for Mom: This program is designed for mothers who are seeking to improve their relationships and involvement with their children. South Bay mental health clinicians engage the inmates in therapy and kinship counseling to facilitate the mother's reintegration in the family system. *This program is available at MCI Framingham.*

Advanced Communication Skills: This group is offered to committed patients. This is a time limited psycho educational group designed to introduce participants to effective communication skills. Patients need to be able to tolerate a group setting and have the ability to process abstract concepts. This group will learn to identify communication styles and to express their needs assertively in every day situations. *This program is geared toward the special needs patient population at Bridgewater State Hospital.*

Alcoholics Anonymous: A volunteer facilitated working support program where inmates learn about triggers to their behavior, understand past behavior and learn how to build a new, healthier sober lifestyle. *This program is available at Bridgewater State Hospital, Boston Pre-Release Center, MCI Cedar Junction, Massachusetts Treatment Center, MCI Norfolk, MCI Plymouth, North Central Correctional Institute Medium & Minimum, Old Colony Correctional Center Medium, Pondville Correctional Center, MCI Concord MCI Framingham and MCI Shirley Medium & Minimum.*

Alternatives to Violence (AVP): A volunteer facilitated program that teaches inmates how to reduce violence by introducing alternative ways of resolving conflict resulting in a diminished need to resort to violence. Workshops focus on conflict resolution. *This program is available at MCI Cedar Junction, MCI Concord, MCI Norfolk, MCI Shirley, Northeastern Correctional Center, North Central Correctional Center Medium and Minimum, Old Colony Correctional Center Medium, MCI Shirley Minimum and Souza Baranowski Correctional Center.*

Amachi Program - This is a mentoring program developed to provide support to children who have or have had incarcerated mothers. This program is facilitated through the Big Sister and Big Brother Program of Greater Boston. The program partners with faith-based organizations, community and civic organizations to match children to caring individuals. The age identified for this program is children between the ages of 7-15. *This program is available at MCI Framingham.*

American Red Cross First Aid and CPR Courses: Program providing inmates information and training about First Aid and CPR. *This program is available at Northeastern Correctional Center.*

American Vet Dogs-The Guide Dog Foundation sponsors this program which provides assistance dogs to disabled veterans and active military personnel. *This program is offered at MCI-Framingham, Massachusetts Alcohol and Substance Abuse Center, Old Colony Correctional Center Medium, Pondville Correctional Center and South Middlesex Correctional Center.*

A vendor supervised program that provides patients with an opportunity to learn basic fundamental work skills and at the same time contribute to the Department's goals for community reparation. *This program is geared toward the special needs patient population at Bridgewater State Hospital.*

The Fatherhood Project: This volunteer facilitated program takes an educational and clinical approach to improve specific skills needed to develop positive, engaging relationships between incarcerated fathers and their children. *This program is available at MCI-Concord, MCI Shirley and Pondville Correctional Center.*

The Lazarus Project: This reentry initiative brings ex-offenders back to the facility to share with inmates how they were able to successfully re-enter the community. *This program is available at MCI Framingham and South Middlesex Correctional Center.*

The Path to Freedom: This program is a mindful-based, cognitive-behavioral approach to self transformation and personal development. *This program is available at MCI Concord, MCI Norfolk, Northeastern C.C., and MCI Shirley Medium.*

Therapeutic Art Studio: Volunteer facilitated program that involves multi-step art projects. This program is designed to build self-esteem, improve coping skills, decision making skills, patience and suppression of detrimental impulsivity. *This program is available at South Middlesex Correctional Center.*

There Is A Way : This ten week program will address areas of risk prevention for women who experienced sex trafficking and sexual violence previous the incarceration. *This program is available to South Middlesex Correctional center.*

Thirty (33) Days to Glory: The program is a volunteer facilitated, do-it-yourself retreat by means of Marian consecration through which participants will be invited to give themselves to Mary to be formed into the image of her son, Jesus. *The program is available at MCI Shirley Medium.*

Toastmasters: Public speaking program that enables inmates to develop more effective communication skills. Through a series of presentations, inmates learn to express thoughts in a clear and non-threatening manner. Toastmasters are an internationally recognized organization. *This program is available at Boston Pre Release, MCI Cedar Junction, MCI Concord, MCI Framingham, MCI Norfolk, MCI Plymouth, MCI Shirley Medium and Minimum, Old Colony Correctional Center Medium, Pondville Correctional Center, Souza Baranowski Correctional Center and Bridgewater State Hospital.*

Trauma Informed Mind Body Program: This research based, volunteer facilitated program provides women with the tools to address the patterns and symptoms that lead to recidivism. *This program is available at MCI Framingham.*

Transforming Anger with Non Violent Communication: This 12 week program addresses violence in our culture and fosters community safety by teaching communication and life skills. *This program is available at Northeastern Correctional Center.*

Transitioning Forward Discussion Group: This is a 8 week discussion group where participants will be discussing relevant and current topics, participants reflect on their own lives and can brought into consciousness and potentially moved to a heightened level of functioning and reasoning. Through active discussion this program will assist the participants in exercising their mind and reconnecting with the outside world and events. *This program is available at MCI Pondville Correctional Center*

Transitional Housing Program: On-site trailer located at the MCI Framingham used for visits between female inmates and their children. The inmates are required to successfully complete the Parenting Education Program before being eligible for this program. In addition, there are various resources and support services that assist the offender and their children while participating in the Visiting Trailer Program. *This program is available at MCI Framingham.*

Trauma Informed Mind Body Program: A structured curriculum that leaves students with tools to address their habituated patterns and symptoms that lead to recidivism, relapse and the entrapment in the cycle of trauma. *This program is available at MCI Framingham.*

Turning the Pages: Volunteer facilitated program. This program relies on fostering and encouraging the participants' responses to literature. The primary reading will utilize the National Public Radio series, "This I Believe". By reading and discussing the essays and other literature other have written to disclose and analyze their deepest beliefs and core ideas, we are able to explore each individual's identity and encourage the internal excavation of their beliefs and decision making structures. *The program is available at MCI Concord and South Middlesex Correctional Center.*

Tutoring for Men: Volunteer facilitated program. *This program is available at MCI Concord.*

Venturing Out-Entrepreneurship- 101: This course is designed to introduce inmates to the fundamentals of small business. This course also devotes time for interpersonal skill building, networking, marketing oneself and interviewing skills. *This program is available at Northeastern Correctional Center and South Middlesex Correctional Center.*

Veterans Support Group: This is a peer support group to build a community of men who share the experience of being veterans. *This is available at MCI Concord.*

Victim Impact Education: This program is designed to enhance the inmate's capacity to understand his impact on others. The goal is to expand a person's awareness of the ways they hurt themselves and others through crime and violent behavior. *This program is available at MCI Concord.*

Voices Against Violence: The mission of the program is to end sexual and domestic violence. Staff members work to empower victims and survivors to help themselves and their children. The group meets one time per week for 4-6 weeks. *This program is available at MCI Framingham.*

Women Helping Women: The goal of this program is to comfort inmates who are in the process of dying, or women assigned to the HSU with a chronic medical condition that requires long term care. This program is coordinated in conjunction with volunteers from Metro West Hospice of Framingham. *This program is available at MCI Framingham.*

Women's HIV and AIDS Network: Through DPH and Great Brook Valley Health Center, Inc., inmates are provided HIV/AIDS education, support groups and individual counseling. Aftercare case management services are also provided for HIV+ inmates to set up substance abuse treatment, medical care, and social and support services in the community. An advanced education component is provided for those inmates who serve as peer educators. A component of this program includes crocheting afghans for donation to hospitals with neonatal intensive care units and programs for HIV+ infants. *This program is available at MCI Framingham.*

Writing For Results: Students learn the basic steps to writing clean, compelling prose, to assist them with job related and personal growth. *This program is available at MCI Framingham.*

Writing for the Soul: Staff Facilitated program designed to improve writing skills and encourage interest in reading while strengthening self confidence and employability. *This program is available at Bridgewater State Hospital, Boston Pre Release Center and the Massachusetts Alcohol and Substance Abuse Center.*

Writing from the Heart: This program is an educational program that has had positive effects on both inmate behavior and recidivism. *This program is available at MCI Shirley.*

Victim Impact Education: This volunteer facilitated program raises awareness in the areas of self reflection and self analysis. This program teaches how violence and crime affect others and what it means to take responsibility for your own actions. *This program is available at MCI Concord.*

Victim Offender Education group: (VOEG) This restorative justice program provides opportunities for the inmates to internalize accountability, responsibility and learn empathy towards their victims and the community. *This program is available at MCI Concord and also has an eight week graduate component.*

VOSH/NECO: Eyeglasses recycling program. Staff coordinated program in which inmates repair donated eyeglasses to be repackaged and sent to developing countries where members of VOSH/NECO will examine patients and distribute the eyeglasses. Volunteer Optometry Services to Humanity /New England Council Optometrists (VOSH/NECO) is a non-profit organization dedicated to the preservation of human sight, mainly in developing countries where there is no welfare. *This program is available at MCI Norfolk.*

Yoga Hope: This program provides a structured curriculum that leaves students with tools to address their patterns that lead to recidivism and relapse in the cycle of trauma. *This program is available at MCI Framingham.*

Zen Buddhism: This weekly program is modeled on the traditional forms as taught in the Kwan Um School of Zen. Included is sitting, walking and chanting meditation. *This program is available at MCI Concord.*

The Optical shop is a full scale eyewear laboratory providing services to many providers throughout Massachusetts. The offenders currently working at this site grind, polish, and assemble eyeglasses for a number of customers. The industrial instructor's at NCCI-Gardner are facilitating the process of testing offenders working in the Optical Shop to gain a certification from the American Board of Optometry, a nationally recognized organization. The test is designed to reveal the competency in the optical field and their overall knowledge. The individual taking this exam will be provided a certification from the American Board of Opticianry (ABO). This in turn, will allow the offender to show qualifications and a work history to potential employers.

MASSACHUSETTS ALCOHOL AND SUBSTANCE ABUSE CENTER

Overview

The Massachusetts Alcohol and Substance Abuse Center is a truly unique Department of Correction facility. The facility not only houses individuals who are civilly committed under MGL 123, Section 35, but also minimum security inmates as well.

For those men who are civilly committed, MASSACHUSETTS ALCOHOL AND SUBSTANCE ABUSE CENTER provides a detoxification and substance abuse program which consists of three phases:

1. Medically supervised detoxification
2. Mandatory counseling and programming
3. Individual discharge planning

Commitments participate in a comprehensive, multi-phase progression of classes in relapse prevention. In addition, case management services, twelve step programming, and assistance in after care planning are offered to provide each commitment with an individual discharge plan for community based treatment and support.

For those men who are sentenced, MASSACHUSETTS ALCOHOL AND SUBSTANCE ABUSE CENTER offers a variety of work, education, religious, and substance abuse programming.
